Wine Yield of the County

Sonoma county was favored during the past season with a decidedly good yield of grapes, from which was produced about eleven million gallons of dry wines. This is in excess of the quantity of dry wines produced the previous year.

In sweet wines the county does not average very high, the yield for what is known as the fourth district, which comprises the northern counties of California, is about two million gallons.

The prices for the crop this year were materially better than during the previous season, the quotations increasing from \$8 and \$12 per ton last year to \$18 and \$20 per ton this year.

One of the best showings made by Sonoma county this year was the fact that this section can produce the same grapes with which is made the celebrated champagne in Reims, France. The Italian-Swiss Colony at Asti has been experimenting in this industry for several years, and at last it has succeeded in producing a champagne equal to the best French wine. This champagne will be placed on the market next spring, when it is expected it will prove that California can produce just as good champagne as the best produced in France.

The splendid champagne produced at Asti has been served at a couple of prominent banquets this fall and those who have tasted the vintage declare it the equal of any imported wine. It was the life work of the late Cavalier Pietro C. Rossi to produce this champagne, and just as his dream was about to be realized he met with the unfortunate accident which robbed him of his life.—Republican.

For Better Services

One of the matters that engaged the salons at the special session of the State Legislature is the matter of giving the railroad commission power to regulate train service and otherwise improve the service whenever in their judgment the provisions of the new law governing this matter will be of interest to every citizen of this valley and reads as follows:

"Sec. 37. Whenever the commission, after a hearing had upon its own motion or upon complaint, shall find that any railroad corporation or street railroad corporation does not run a sufficient number of trains or cars, or possess or operate sufficient motive power, reasonably to accommodate the traffic, passenger or freight, transported by or offered for transportation to it, or does not run its trains or cars with sufficient frequency or at a reasonable or proper time having regard to safety, or does not stop the same at proper places, or does not run any train or trains, car or cars, upon a reasonable time schedule for the run, the commission shall have power to make an order directing any such railroad corporation or street railroad corporation to increase the number of its trains, or of its cars or its motive power or to change the time of starting its trains or cars, to change the time schedule for the run of any train or car, or to change the stopping place or places thereof, or to make any other order that the commission may determine to be reasonably necessary to accommodate and transport the traffic, passenger or freight, transported or offered for transportation."

Captured at El Verano

Last Friday Robert Cruse, a county prisoner, who made his escape from the county hospital, was captured at El Verano by Deputy Sheriff Lecioni, of Healdsburg. The man was brought to Sonoma and placed in the local jail until the departure of the S. P. train for the county seat. Cruse was one of the men who was recently arrested for breaking into a winery at the other end of the county a short time ago, was shot in the arm before his capture was effected. When he escaped he was being cared for at the county hospital. In the future a more careful watch will be kept over him.

E. S. Rowland Paroled

Edward S. Rowland, formerly cashier of the Farmers' and Merchants' Bank, Healdsburg, who was sentenced to serve a term of years in San Quentin, will receive his parole on December 20. He will be released from incarceration in time to enjoy the holiday season. Mr. Rowland has many friends in this county who will rejoice with him that he is to be allowed his liberty. He has served two years in prison and has atoned for his misdeed in connection with his bank. While at San Quentin he was druggist for the prison.

Thomas A. Edison, the great inventor, declares that he will soon have on the market concrete furniture which will be durable, pretty and cheap. A shipment of the furniture is now being sent by freight to Chicago for ascertaining whether it will stand the strains given to shipped furniture. Edison declares that this will permit workingmen to have furniture as artistic and durable as is to be found in the most palatial residences, and at a cheap price.

Green was selected as the color for bank notes because that color cannot be photographed, and therefore it affords greater security than any other color against counterfeiting.

The Maine Destroyed by a Mine

The battleship Maine was blown up in Havana harbor by an explosion from the outside. This is the gist of a short statement issued by the navy department based on findings made by the joint army and navy board, which spent several months in Havana harbor investigating the wreck.

The board found that the injury to the bottom of the vessel was caused by an explosion of low power explosive on the external part of the ship on the portside between frames 28 and 31. This resulted in igniting and exploding the contents of the six inch reserve magazine, containing black powder. The more or less complete explosion of the contents of the forward magazine followed, resulting in the destruction of the vessel.

The declaration that a low power explosive was used indicates that the destruction was caused by a mine. This only deepens the mystery of the Maine. A mine of sufficient gun powder to blow through the bottom of the ship would have weighed several hundred pounds, and with the work of laying the electrical wires for discharging it would have required the presence of a large number of men.

Purchased Machinery

The new road machinery which has been purchased by the county of Sonoma is the most complete plant of its kind west of the Rocky Mountains. This statement is made by Jasper Patrick, chairman of the Board of Supervisors of Napa Co., which county is the pioneer in this matter.

After Napa county had purchased a smaller plant, Colusa county told in line secured one, and Sonoma county is the third of the counties to adopt this modern method of maintaining her splendid roads.

According to Mr. Patrick, Napa county has built the best and cheapest roads in the state with their plant, which is much smaller than the one secured for Sonoma county, and not nearly so complete. He is one of the most strenuous good road advocates in the state, and his thoroughness attests the wisdom with which he has constructed highways in his county.

Residents of this county who have seen the machinery and watched it in operation declared it is a judicious investment, and one that will give the county splendid returns.—Republican

THE CIVIL DOCKET

Mrs. M. Olles vs. Pacific Gas & Electric Co., demurrer substituted. Gibson vs. Gibson, demurrer. Dora C. Campbell vs. James B. Campbell, default.

Look over the stock of Christmas
goods carried by our local merchants
and learn the prices, before going
out of town to make your purchases.
You can save money and time, and
also encourage our merchants to
carry a larger assortment next year.

The State Senate on Wednesday
unanimously adopted the Sanford
resolution calling on Congress to
submit a Constitutional amendment
providing for the election of Presi-
dent and Vice President by a direct
popular nation wide vote.

A bill re-appointing the four
equalization districts of the State,
making sweeping changes in their
composition, was introduced in the
Senate Tuesday by Senator Thomp-
son. The present Fourth District is
composed of nearly one-half the
southern portion of the state. From
out of this, the new Fourth district,
consists of Los Angeles, Orange and
San Diego counties. The present
district composed of San Francisco
alone, consists under the new plan
of San Francisco, San Mateo, Santa
Cruz, Marin, Sonoma and Mendoc-
cino counties.

After a day of oratory in which
Russia was flouted as having scorned
and dishonored the United States
by her persistent refusal to honor
passports of American citizens re-
gardless of religious beliefs and race
origin, the House, by a vote of 310
to 1, passed the Sulzer resolution
abrogating the Russian treaty of 1832.
The announcement of the result of
the vote was received with cheers,
and Sulzer was accorded an ovation.
Hardly less swiftly than the Com-
mittee on Foreign Affairs in the
House was the action of the Senate
Committee on Foreign Relations.
After a day's executive session it was
rumored that the Committee would
recommend to the Senate the pas-
sage of a similar resolution.

Equal Suffrage League Disbanded

Last Monday at the home of Mrs.
Robert Poppe the Equal Suffrage
League met for its annual meeting
and final accounting. After the
regular business had been transacted
it was unanimously voted to disband
the loyal little organization that had
since 1902 worked so ardently for
the full citizenship of women. Year
by year the original officers have been
continued. Viz: President, Mrs.
A. McHarvey; vice pres., Mrs. R.
Poppe; sec., Miss M. Cook; treas.,
Miss M. Wooster. Each year the
20 or more members had regularly
sent money to the State Association;
and during the last and hot cam-
paign all worked heroically toward
the final achievement of their ardent
hopes. A rising vote of thanks was
enthusiastically tendered the officers
for their leadership and faithful ser-
vice, and then the curtain was rung
down.

It is proposed to begin in the
early new year a propaganda of the
rights and duties of citizenship for
the new voters.

Teachers' Examination

The examination of applicants for
teachers' certificates began this
morning when those desirous of tak-
ing the examination will assemble in
the rooms of the Board of Education,
in the court house, Santa Rosa.
The examination will be conducted by
the members of the board.

Last Saturday the board began the
examination of the papers of the
pupils of the schools who recently
took the examination for advance-
ment to the high school and from
the seventh grade to the eighth.
This will be completed after the
teachers' examination has been dis-
posed of.

Damage Suit Against Sonoma Valley Co.

The suit of Guiseppi Polloni et al.
against C. F. Rylard, doing busi-
ness under the name of the Sonoma
Valley Co., came to trial Tuesday
before Judge Emmet Seawell. This
is the suit for \$25,000 damages grow-
ing out of the death of Mrs. Edna
Polloni, who was electrocuted as the
result of coming in contact with a
live wire following a storm that
swept Sonoma valley last winter.
Plaintiff's allege carelessness upon the
part of Rylard's company in allowing
the wire to be charged with electric
current while down and the ends
broken.

Our readers will recollect the cir-
cumstances of Mrs. Polloni's death.
A tree which had been blown down
in a wind storm, fell across the wires
of the Sonoma Valley Co., and broke
them. One end of the wire was in
the yard of the Polloni residence and
started a stubble fire. While en-
deavoring to extinguish the flames
Mrs. Polloni came in contact with the
wire and death resulted.

The most of the first day of the
trial was devoted to securing a jury.
The jury consists of the following
persons: George R. Somes, Fred
W. Stewart, George S. Crane, Fred
A. Emery, Robert Woods, Julius M.
Winkler, Henry W. Ungewitter, C.
A. Offutt, Joseph Bloom.

The first witness called was Mrs.
Theodor Richards, who was called to
the stand out of order, on account of
the illness of Mr. Richards.

G. Gilardoni and S. Canovino told
the story of the incidents leading
up to the electrocution, and ex-
plained to the jury from a diagram
the location of persons and things.
They illustrated the best they could
the electrocution of the woman, by
acting out what she was doing and
her position as to the wires.

Frank Dado, foreman of the Cali-
fornia Wine Association testified to
seeing Mrs. Polloni's body across
the wire where she was electrocuted
and saw the fire started by the live
wires.

S. Canovino testified to the wires
being down in a gully and in the
condition, that he knew Mrs. Polloni
and the care she gave her children
and family, and of having seen the
woman lying across the wires.

Buys on Rixford Ranch

Mr. J. M. LaRue, of Redding,
California, visited Sonoma Valley on
Tuesday last and became so enthused
over the valley that he purchased a
portion of the Rixford ranch from
the Sonoma Realty Company and
arranged for the erection of a fine
home thereon on the same day and
as soon as the building is completed
he will move his family here from his
present home and reside here per-
manently.

He informs us that others from
his section are seeking homes
and no doubt a number of them
will locate here as soon as they
learn more about this valley, and he
intends to tell them all he possibly
can.

Mr. LaRue's son will probably be
one of the parties who will locate
here with him.

An Editor Missing

Chas. G. Halliday, editor of the
Ukiah Times, has been missing since
going to San Francisco last Thurs-
day and his relatives are greatly wor-
ried for his welfare. He wrote a
letter to friends in Ukiah saying
"I have not made connections today
but am to meet a man at 6:30 p. m.
at Jackson Street wharf. Where that
is I don't know, but it don't sound
good to me." Mailing the card he
left the Goodfriend Hotel, boarded a
"powell street car, and no trace of
him has since been found.

The Jackson street wharf is one of
the worse infested districts with
thugs and thieves in the city of San
Francisco. As Mr. Halliday had
\$500 on him when he arrived in the
city, it is the general belief he has
been murdered.

Don Theatre Remodeled

Contractor Harris is just com-
pleting remodeling the Don Theatre on
Napa Street. A large extension has
been placed on the rear and an exit
cut in on either side of the building.
A modern stage with an orchestra
pit has been erected and the seating
capacity has been enlarged to 50
more seats, with additional standing
room for 150.

Several sets of scenery will be pur-
chased, and the stage fitted up so
that traveling companies can use the
same.

County History Handsome Book

"The history of Sonoma County,"
a handsome volume of more than
1,100 pages, published by the Li-
tomic Record Company of Los
Angeles, has made its appearance,
the first shipment having arrived
Tuesday from Chicago, where the
books were printed and bound.

Outside of the biographical sketch-
es, which are accompanied by many
handsome steel and half tone en-
gravings, the above history was
compiled by Tom Gregory, the well
known Santa Rosa writer and news
paper man. More than 250 pages
are devoted to this historical portion
of the work, which is of a high
order throughout and carefully pre-
pared from the most authentic data
as well as from personal investigation
and research. A feature of the work
is the wit and humor flashing out
here and there, which relieves it of
the tediousness sometimes noted in
historic writings. The tracing of
Sonoma county's history begins with
the earliest recorded happenings,
and is carried down to the present
time. A fine steel engraving of Mr.
Gregory occupies the first place in
the book, and in his preface the
author says:

"When I sought to collect materi-
al for a story of Sonoma, I found
myself reaching out into the his-
tory proper of California. Every
trail leading to this county runs
back into the earlier times of the
state. The Spanish-American set-
tlement of Sonoma was planned in
the City of Mexico.

The legislative events occurring in
Monterey were soon manifest in
Sonoma. The various governments
sitting at various capitals marked
Sonoma a key position on the line of
the northern frontier. When Fre-
mont, advised by Benton at Wash-
ington, collected the American set-
tlers for the first strike, they struck
at Sonoma. At an earlier day that
jolly pirate, Sir Francis Drake,
came hurrying along this shore, and
made out the title deed and calmly
presented the whole coast to Queen
Elizabeth.

For thirty years the double-headed
eagle of the Czar from the palisade
of Fort Ross screamed defiance at
his two throats at his brother bird
of Mexico. Then in the rare Indian
Valley of the Moon the Padre Path-
finder planted the cross and called to
prayer. If this indifferent story of
Sonoma were worthy, it would be
dedicated to the greatest historical
character—him who sleeps at La-
chryma Monie." The closing re-
ference is of course to the late General
Vallejo.

Persons unfamiliar with such work
have no conception of the immense
amount of labor and research required
in the preparation of such a volume.
—Press Democrat.

County Expert's Report

Walter L. Whitaker, who has
been employed by the grand jury to
expert the books of the different
county officials filed his report Mon-
day afternoon, giving all a clean bill
of health. He reports finding a few
minor clerical errors which had
crept into books of several of the
officials, but that all finances were
well taken care of. His report con-
tains the following facts:

The business of the Recorder's
office amounted to \$10,506.05 in
fees for the year. That the County
Clerk collected the sum of \$5,321.05.
The books of the County Assessor
showed that the total assessment of
the taxable property of this county
amounts to \$36,824,194. The As-
sessor during the past year also pre-
pared a military roll containing 14,
537 names. The records of Tax
Collector Collins shows that the sum
of \$611,558.21 was collected for
taxes. Besides there were 550 sa-
loons that paid a license of \$40 each,
making \$22,000; 33 miscellaneous
license amounting to \$235. The
matter of forcing the saloons to pay
their license in advance was recom-
mended.

The Sheriff's office collected
\$794.75 in fees and \$505.70 in mil-
lages. The sheriff received \$583.
40 for boarding prisoners and \$2,
018.20 for mileage in criminal cases.
The Coroner was found to have
\$7,393.19 on hand belonging to es-
tates in process of settlement. He
also in several cases received fees less
than the law allows him in final settle-
ment, so that the estate would be
free from debt.

The cost of maintaining the roads
in this county was given. The road
districts in this valley had expended
the following amounts: Agua Cal-

iente, \$3,258.81; Glen Ellen, \$2,-
403.01; San Luis, \$5,619.10; Lake-
ville, \$5,999.64.

The cost of supporting the county
indigents was shown to be \$21,288.37
during the year, and the cost of the
county hospital and farm totaled
\$27,783.18 in addition. The sum
of \$939.80 was collected from pay-
patients while \$292.05 was received
for farm products sold.

The County Treasurer was found
to have an excess of 18 cents. The
bonded indebtedness of the county
was shown to be \$370,000, balance
due on the court house.

Chicago Land Show

In the Union Southern Pacific
lecture room, at the Chicago Land
Show, there have been delivered five
hundred and six lectures attended by
one hundred and fifty-five people.
Thirty different lecturers gave half
hour talks, accompanied by illustra-
tions in slides and moving pictures
and their total number of lectures
have been apportioned among the
several States and Old Mexico which
in total makes the empire west of the
Mississippi river and south of the
Rio Grande served by the associated
lines according to the talent con-
tributed by communities and com-
mercial bodies and States.

In detail the lectures happened as
follows: California, 123; Texas,
55; Louisiana, 50; Oregon, 42;
Washington, 35; Wyoming, 23;
Iowa, 19; Arizona, 19; Kansas, 17;
Nevada, 15; Colorado, 10; Steam
ship Lines, 9; Utah, 9; Nebraska, 5;
Montana, 2; West Mexico, 7.

In addition to which were given
lectures on Yellowstone Park 12;
Overland route, Omaha to San
Francisco, 2; Yosemite 3; Modern
Method of Farming 13; Fruits of the
Pacific Coast, 4. Addresses by
Western Governors; 2; Government
Irrigation Project and United States
Reclamation Service, 24.

A marked feature in giving lec-
tures has been the close attention of
the audience and the big demand for
literature and numerous inquiries
concerning the vast territory.

Buy Palace Hotel

On Monday Mr. and Mrs. Free-
man, of San Francisco, Calif., pur-
chased from Mr. and Mrs. Leidecker
of this city, the stock, bar, personal
effects and good will of the contents
of the Palace Hotel through the So-
nomma Realty Co., and took immed-
iate possession.

Since that time the new proprietors
have been busy remodeling and re-
painting the interior of the hotel and
have ordered a large quantity of
new furniture, carpets, rugs, etc., for
the hotel, which, when fitted up, will
be one of the best places in Sonoma.

Mr. and Mrs. Freeman will cater
to the commercial travel and have
sent for a good Chef and other help
and will be in a position to cater to
the demands of the most fastidious.
During the summer season they
will have autos for hire and will also
meet all trans for patrons.

The opening of the hotel will be
held in about two weeks, and prom-
ises to be largely attended.
Mr. and Mrs. Leidecker will reside
in San Francisco.

The Mayor Schmitz bribery cases
were order to final trial Saturday
before Judge Lawlor, in San Francis-
co. Ruell will probably come from
San Quentin to testify.

Lightening Kills Few

In 1906 lightning killed only 169
people in this whole country. One's
chances death by lightning are
less than two in a million. The
chance of death from liver, kidney
or stomach trouble is vastly greater,
but not if Electric Bitters be used,
as Robert Madsen, of West Burling-
ton, Ia., proved. Four doctors
gave him up after eight months of
suffering from virulent liver trouble
and yellow jaundice. He was then
completely cured by Electric Bitters.
They're the best stomach, liver,
nerve and kidney remedy and blood
purifier on earth. Only 50 cents at
all druggists.

Notice of Co-Partnership

State of California, County of Sonoma, S. S.
We hereby certify that we are partners
transacting business at Camp Meeker, in the
State of California under a designation not
showing the names of the persons interested as
partners in such business: to wit,

J. D. Eagan & Co.
The names of the partners are:
E. V. Meeker, residing at Camp Meeker, Cal.
R. T. Meeker, residing at Camp Meeker, Cal.
Witness our hands this seventh day of Oc-
tober, 1911.

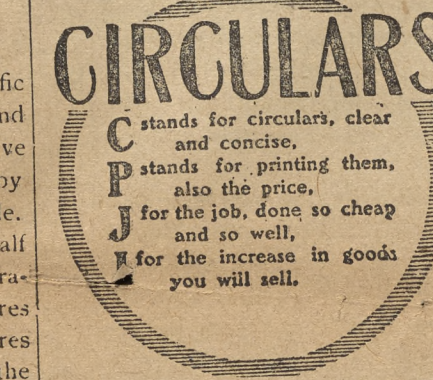

E. V. Meeker, Camp Meeker.
R. T. Meeker, Camp Meeker.

State of California, County of Sonoma, S. S.
On this 7th day of October, in the year one
thousand nine hundred and eleven, before me
personally appeared E. V. Meeker and R. T.
Meeker, known to me to be the persons whose
names are subscribed to the foregoing instru-
ment and they acknowledged to me that they
executed the same.

Witness my hand and the seal of my office
this seventh day of October, 1911.
(Seal) Caroline L. Morgan,

All kinds of dressmaking done by experienced dressmaker. Also automobile caps made to order in the popular coffee bean stitch. Please call or write for particulars. Mrs. Hamilton, Vineburg 47 t m p

Deputy Game Commissioner H. Lencioni, who for the last ten days has been in the vicinity of Wingo watching for persons that are tempted to break the game laws, returned to his home in Healdsburg Tuesday.

The Sonoma Realty Co., of this city has opened offices at 206 and 208 Western Metropolis National Bank Building, corner New Montgomery and Market Streets, opposite the Palace Hotel, San Francisco, Phone Kearney 1277.

Business prevented Dr. Bateman from attending a quarterly meeting of the California State Veterinary Medical Assn. on Wednesday evening. George Millerick, who has had several talks with the Dr. on veterinary science, went up to the meeting furnished with introductory letters. Mr. Millerick is especially adapted to the position and in lieu of the fact that a four year course is gradually being instituted, would do well to take up the profession as soon as possible.

The Western Meat Company, of San Francisco, in a letter to the Exportor, advises that the farmers ship their turkeys not later than December 21st and that it would be better to have them arrive on the 18th. They also state that there will be a big slump in the price of turkeys owing to the fact that large shipments are expected from the east.

This week several carloads of lumber arrived at El Verano and several teams have just finished hauling the same to the Rixford Ranch. The lumber will be used for brooder houses, chicken houses, residences and on the water system, which is now being installed on the tract. About one mile of piping for the system has already been laid. H. J. Nelson has the contract.

Loads of crushed rock from the city's quarries are being hauled and dumped on the bad spots of our city streets. The rock is of a fine grade and will last far better than the gravel used heretofore. About two yards of rock is being hauled each load instead of the scant yard.

The local light company report that they now have part of the material ready for the construction of a light and telephone line from El Verano to the Rixford ranch and that the line will be put in just as soon as possible.

List your business property with the Sonoma Realty Co. We are now in a position to turn over good propositions rapidly. Don't talk unless you are willing to give us a contract. We don't do business otherwise.

SONOMA REALTY CO.
Sam and Claude Cogburn, of Lakeview, Ore., visited S. J. Studley and family two days this week. They are very much impressed with Sonoma Valley and contemplate locating here in the near future.

Mr. and Mrs. P. F. McGill are still in San Francisco. Frank's hand is healing rapidly. A T. Skinner is head inspector at Schellville during his absence.

On Saturday evening, December 16, the Northern California Cadets No. 2, will play a basket ball game with the Co. K. of Petaluma. Come and witness a good game.

Shoes are useful gifts and are well appreciated. Buy them from us and get your money's worth. Sonoma Valley Shoe Store. 49 tf.

Contractor R. E. Murphy has the contract for the erection of the home of J. M. La Rue on the Rixford tract.

Next week we will publish a poem entitled "Christmas in the Valley of the Moon," written by Miss Edna Poppe.

Clarence Boyse, of Lakeview, Ore., spent one day this week with the Studley family in Buena Vista.

Christmas shopping in Sonoma is more brisk this year than it was last. People must have more money.

Christmas trees at Green's Feed store about the 21st of December. Leave orders now.

Several Sonomites visited the Poultry Show in Petaluma last week.

Rev. W. C. Pond will preach at the Cong. Church Sunday morning. Suitable presents—book racks Clewe.

Score 5 to 5

Last Sunday afternoon the Independent Football Team of Sonoma, played an exciting game with the Santa Rosa Independents. The score was 5 to 5.

Next Sunday afternoon at 2:30 the Napa High School eleven will try conclusions with the Sonoma pig skin booters on the local foot ball field. The following players will probably represent Sonoma:

F. Rochet, Geo. Carpenter, W. Batcelor, L. Ramsdell, O. Maffi, L. Holz, R. Castex, Chas. Stone, Geo. Arnold, Jack Poulson and Joe Nessi.

Fuller Rochet is coaching the Sonoma team. There is some good football material among the local boys. Come and root.

Notes From Schellville Chicken Colony

Another shipment of baby chicks was received this week, and every body is getting ready for their share.

Geo. Benker has ordered a new Cycle Hatchery, and making preparations for hatching.

Mrs. Kennedy and little grandson, Lorens McNulty, were in Sonoma a couple of days this week.

Mrs. V. L. McNulty returned to her work in the city Sunday, December 10.

The household goods of the Dr's. that have been stored are being moved into their new house, and Mrs. Nourse is busy putting them in place.

TEREGRAM K.

Northern California Cadet Notes

The Cadet basket ball team No. 1 will leave here today and return Sunday from their tour of the northern part of the county. The Cadet line up will be—Forwards, Anselmi and Capt. Canevari; center Cooper; guards, Clements and Mgr. Fisk.

The basket ball game played Saturday night between the high school and Verba Buena of San Francisco, was won by the high school, the score being 18 to 2. Four of the five high school players belong to the Cadet team. The boys' team work was surprisingly fine.

Last Friday night two new members were admitted to the club. They are Russel Colton and George Chicazala.

Lawrence Ramsdell spent Wednesday in Santa Rosa on Cadet business.

Plans are being drawn for the Cadet's gymnasium which is to be erected in the near future. It is to be 75x100, and will contain all the latest gymnasium apparatus.

Licenses Renewed

The Board of Supervisors at their meeting on Tuesday acted favorably on the applications for liquor licenses filed with them for renewals, beginning with January 1, 1912. Those who were granted the renewals in this district are as follows:

John Parks, Frank Miller, Chas. Brown, P. Fognini, John Lopes, R. Peters & Co., J. Lopes, G. Bocca, Emilio Bianchini, Frank Pedroncelli, Sam N. Cowan, Wm. Sobbe, Mrs. E. A. Monahan, Morris Levy, J. P. Bettencourt, G. Pancrazi, E. G. Thierkoff, Harry Lubbock, Phil Rossi, Parente Bros., Chas. Danieles, Mrs. P. LaFranchi, L. Lamotte, Emile Lounibos, Theodor Richards, Ann Acquistapace, administratrix of the estate of James A. Acquistapace, deceased, Italo Maffei, Joseph Weinzerl, G. Garoni, Geo. Fettes, E. L. Paramore, Wm. Springfield, Mary Farrell, Mosso & Baccala, Carl A. Weisshaar, Enrico Forni, Romani & Lenci, John Serres.

Brewing Company Files Cross Complaint

An answer and cross complaint was filed in the office of County Clerk W. W. Felt, Jr., Tuesday by Attorney J. W. Oates, for his client, the Sonoma Brewing Company, in the suit brought by Joseph Keechler vs. John Steiner, et al. The brewing company asks that the property in controversy be sold and the proceeds be used in satisfying the debts of all interested. The answer denies all the allegations of the complainant. It is stated in the cross complaint that John Steiner mortgaged certain property on June 9th, 1910, and on the next day sold it to the Sonoma Brewing Company, agreeing that he would pay off the mortgage. Later the Brewing Company issued its notes for \$21,700 in payment of the purchase price. One of the notes was issued to Steiner and it is asked that the note be cancelled and its amount be credited on the mortgage and that Steiner's stock in the company be sold to pay for the mortgage.

Trinity Episcopal Church

Services will be held in the Masonic Building next Sunday as usual by Rev. Thomas Parker Boyd.

At 10:30 a. m. Sunday School; at 11 a. m., church service with sermon, subject, "The Ups and Downs in a Clergyman's Life;" at 5 p. m., Vespers, subject, "The Tale of the Wandering Jew."

St. Barbara's Guild will meet next Tuesday with Mrs. P. N. Stofen.

Vaudeville at the Don

On Saturday, December 23, the Don Theatre will open high class vaudeville and moving pictures.

Vaudeville will be run Saturday and Sunday nights only, with an entire change both nights.

Reserved seats will be on sale at Simmons' Drug Store for the first show only, and the admission will be 25 cents. Doors open at 7:30; second at 8:45.

The vaudeville will be booked through the Western States Vaudeville Association.

Special matinee for children on Sunday afternoon's. Admission children 15c; adults 25c. Performance begins at 2:30.

The rest of the week will be devoted to pictures only. The admission will be the same as has been in the past.

Wednesday night will be amateur night.

Theatre will have three exits and will be well ventilated and heated.

Where the Locality Does Not Count

Wherever there are people suffering from kidney and bladder ailments from backache, rheumatism and urinary irregularities, Foley Kidney Pills will help them. Belvidere, Ill. E. A. Kelley, an ex-engineer, says: "Three years ago my kidneys became so bad that I was compelled to give up my engine and quit. There was a severe aching pain over the hips, followed by an inflammation of the bladder, and always a thick sediment. Foley Kidney Pills made me a sound and well man. I can not say too much in their praise." James McEney, Model Pharmacy.

FACE TO FACE.

A New Problem For Women.

In the looking-glass a woman often sees wrinkles, hollow circles under the eyes, drooping eyelids, and a general air of weariness.

Every woman, young or old, is well protected from the lines, nervousness, backache, and the many symptoms of disease to prevail among our women—if they will consistently take Doctor Pierce's Favorite Prescription, a safe and sure remedy for the life of womanhood.

Many times women call on their family physicians, telling them as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and

there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he prescribes them to be such, prescribes his pills and potions. In reality they are only symptoms caused by some womb disease. The physician ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause, would have entirely removed the disease, thereby dispelling the distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said that "a disease known is half cured." In cases almost innumerable, after all other medicines had failed to help and doctors had said there was no cure possible, the use of Dr. Pierce's Favorite Prescription, supplemented, when necessary, by the medical advice and counsel of Dr. Pierce, has resulted in a perfect and permanent cure.

To refute the many false and malicious attacks, bogus formulas and other untruthful statements published concerning Dr. Pierce's Family Medicine, the Doctor has decided to publish all the ingredients entering into them and place the same on the wrapper inclosing each bottle. The exact working formula for making these medicines cost Dr. Pierce and his collaborating chemists and pharmacists many years of study and experiments, but as perfected they produce almost perfect pharmaceutical compounds, embodying all the active medicinal principles residing in the ingredients employed, and preserving them perfectly for any length of time and in any climate without the use of a drop of alcohol.

These are the Original Little Pills. First put up over 40 years ago, by old Dr. R. V. Pierce. They have been imitated but never equaled. Smallest, easiest to take and best. They're tiny sugar-coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts, without disturbance of trouble, constipation, indigestion, bilious attacks, sick and bloated heads, and derangements of the liver, stomach, and bowels are prevented, relieved and cured. Permanently cured, too, by their mild and natural action, these little pills gently lead the system into nature's way again. Their influence is safe.

The Retort Genial. A southern woman who is now past her prime, but whose ready wit still makes her a welcome guest wherever she goes, told the following story about an encounter with what she terms a "northern iceberg." She was at a musical entertainment at a private house in New York, and at the end of a song which had been delightfully rendered she turned with an exclamation of pleasure to a lady who sat near and whom she knew by sight, but had never met. The woman addressed looked at her in surprise for a moment and then asked coldly, "Have I the pleasure of knowing you?"

"No," was the answer, "but I felt at liberty to speak to you on account of your being under such very great obligations to me."

"Will you have the goodness to explain what you mean?" said the New York woman haughtily. "Merely that I refused your husband twenty-five years ago," replied the little southerner as she moved away to seek a more congenial atmosphere.

The Vegetarian Oyster. Oysters are most exemplary in the matter of diet. The oyster is well known as a vegetarian, living almost exclusively on seaweed, including the minute pine pollen of the water. Smaller animals form only 5 per cent of its food. He is a methodical feeder, always dining between the hours of 12 and 2 in the afternoon. When he wants his meals he simply opens his shell and lets the water flow in through a sort of gill, which retains the food, allowing the water to run out again. It is only in frosty weather that the oyster goes off his feed. In order to protect himself as much as possible from the cold he lies with the bulging shell uppermost. In this position he cannot open his shell and must perform go short of food. But he would sooner starve than let the cold water in to chill his delicate flesh. Bless him!—London Chronicle.

In Mourning For Tigers. The Mosca-Are, otherwise known as Darrang as Baghi-Arei, the tiger folk, a subtribe or sept of the Bara race, still regard it as the correct thing to go into mourning for twenty-four hours or so whenever a tiger dies near their village. Solid food is tabooed—no slight privation to the Kachari, stout fellows and, in fact, the natives of Assam. It is only in frosty weather that the oyster goes off his feed. In order to protect himself as much as possible from the cold he lies with the bulging shell uppermost. In this position he cannot open his shell and must perform go short of food. But he would sooner starve than let the cold water in to chill his delicate flesh. Bless him!—London Chronicle.

Big Hearted Goldsmith. Mills, a fellow collegian of Goldsmith's, called one morning to offer Oliver a breakfast, when he was adjured in answer to his knock and a smothered voice to force open the door and enter. When Mills and others had at last forced the bolted door they found Goldsmith so entangled in the ticking of his bed that he could not extricate himself without help. He explained that as the night before he had been piercing cold he had given a poor perishing woman with five children all his bedclothes. What could he do? He had nothing else, not a penny, to give her. "It was a cold night, too," he added, "for I couldn't at first sleep till I thought of ripping open the mattress to lie in the ticking."—Oliver Goldsmith, by R. Ashe King.

A Surprise For Swagger. "Yes," said Swagger, "this is a turkeze ring." "Excuse me," said Bangs; "the correct pronunciation of that word is 'turquoise'." "No; turkeze, excuse me." "I say turquoise." "Well, let's go to the jeweler and ask him." "Right." "In order to settle a wager," said Swagger to the jeweler, "would you mind telling me if the correct pronunciation of the stone in this ring is turkeze or turquoise?" The jeweler took the ring and examined it carefully. "The correct pronunciation," he said, "is glass."—London Tit-Bits.

Douglas Jerrold In School. Douglas Jerrold wrote "Black Eyed Susan" when he was thirteen years old and contributed to Punch the immensely popular "Candle Lectures" not long afterward. But at nine years of age young Jerrold had been scarcely able to read, and it was not until he was apprenticed to a printer, after serving for some time as a shipboard boy at sea, that he showed either desire or capacity for intellectual improvement.

Self Deception. Of all solitary games the soonest learned is self deception. The dullist mind can grasp it. The wisest have ever enjoyed it. We all find solace in its blandishments. No sweeter substitute for courage, conscience and self denial is yet discovered.—Pandora's Box.

The Limit. Eaton-Gilmore is so egotistical that he is jealous of his wife. Nettle-Jealous of his wife? Eaton—Yes, jealous because she has such a paragon for a husband.—Puck.

He who is firm and resolute in will molds the world to himself.—Goethe.

There is more Catarrh in this section of the country than all other diseases put together, and with the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Set once has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional Cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It cures directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

The orange crop of California made a gain of 145.4 per cent during the decade between 1893 and 1909, increasing from 5,822,000 in 1899 to 14,436 boxes in 1909. In 1909 the average product per tree was 2.2 boxes. With respect to quantity of fruit San Bernardino county rose from third rank in 1899 to first in 1909.

Lightening Kills Few In 1906 lightning killed only 169 people in this whole country. One's chances death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50 cents at all druggists.

Andrew Carnegie will leads the tax list of New York City, with an assessment on personal property valued at \$10,000,000, and real estate valued at upward of \$2,000,000 more. Since 1903, Carnegie's personal property has been assessed on a valuation of \$5,000,000. His tax bill next year will exceed \$222,000.

Where the Locality Does Not Count

Wherever there are people suffering from kidney and bladder ailment from backache, rheumatism and urinary irregularities, Foley Kidney Pills will help them. Belvidere, Ill. E. A. Kelley, an ex-engineer, says: "Three years ago my kidneys became so bad that I was compelled to give up my engine and quit. There was a severe aching pain over the hips, followed by an inflammation of the bladder, and always a thick sediment. Foley Kidney Pills made me a sound and well man. I can not say too much in their praise." James McElney, Model Pharmacy.

Charged with stealing \$2000 in gold dust from the stucco boxes of the Pioneer Mining Company, of Nome, A. ask, James Eckdale, Silin Hausner and Charles Thompson were in the act of removing the gold when caught and arrested.

Ends Winter's Troubles To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Cuts, Sores, Bruises, Eczema and Sprains. Only 25 cents at all druggists.

Advances in the tariffs of transcontinental railway carriers for the icing and cooling of cars prior to shipment of fruit from California points to Eastern destinations were again suspended until April 28th next by the Interstate Commerce Commission.

A Terrible Blunder to neglect liver trouble. Never do it. Take Dr. King's New Life Pills on the first sign of constipation, biliousness or inactive bowels and prevent virulent indigestion, jaundice or gall stones. They regulate liver, stomach and bowels and build up your health. Only 25 cents at all druggists.

"Where does this train stop next?" asked the nervous traveler on an uncertain railway.

"Well, boss," replied the porter, "dar's three washouts an' some bad track right along here, and she's liable to stop mos' any minute."—Washington Star.

Foley Kidney Pills. Start to taking them now. Sold by James McElney, Model Pharmacy.

Broadway, Sonoma Valley Shoe Hospital SONOMA

Under the present conditions in the rice market of South China the poorer classes find that they can live more cheaply on wheat products. The demand for flour is thus increasing greatly and flour is selling in districts where it had been almost unknown.

Saved His Wife's Life

"My wife would have been in her grave today," writes O. H. Brown, of Muscadine, Ala., "if it had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dread ful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time." Infalible for coughs and colds, it is the most reliable remedy on earth for desperate lung trouble, hemorrhages, lagrippe, asthma, hay fever, croup and whooping cough. Guaranteed by all dealers.

At St. Petersburg there is a clock which has ninety-five faces. Besides telling the movements of the earth and other planets, it indicates simultaneously the time of day at thirty different places on the face of the earth.

Foley Kidney Pills

Tonic in action, quick in results. Will cure any case of kidney or bladder disorder not beyond the reach of medicines. No need to say more, James McElney's Model Pharmacy.

For nearly a week the farmers and their families living a few miles south of Newton, Kan., have dined on quail. A destructive hailstorm killed many scores of these little game birds. It was so severe as to ruin apples hanging on the trees.

Without opiate quick or harmful drugs of any kind Foley's Honey and Tar Compound stops coughs and cures colds. Do not accept any substitute. James McElney, Model Pharmacy.

About \$23,000 worth of honey has been shipped from Tulare during the season. This is exclusive of about \$400 received from orange honey. The entire product was taken by the National Biscuit Company of Chicago, and shipped direct to them.

An Alarm at Night

That strikes terror to the entire household is the loud, hoarse and metallic cough of croup. No mistaking it, and fortunate then the lucky parents who keep Foley's Honey and Tar Compound on hand. H.W. Cassels man, Canton, N. Y., says: "It is worth its weight in gold. Our little children are troubled with croup and hoarseness, and all we give them is Foley's Honey and Tar Compound. I always have a bottle of it in the house." James McElney, Model Pharmacy.

The thornless blackberry which Mr. Burbank has been at work on for many years is ready to be placed on the market. The plants were grown at the experimental grounds west of Sebastopol, where they have been inspected by many visitors.

With Coming of Middle Age

There is a letting down in physical forces often shown in annoying and painful kidney and bladder ailments and urinary irregularities. Foley Kidney Pills are a splendid regulating and strengthening medicine at such a time. Try them. James McElney, Model Pharmacy.

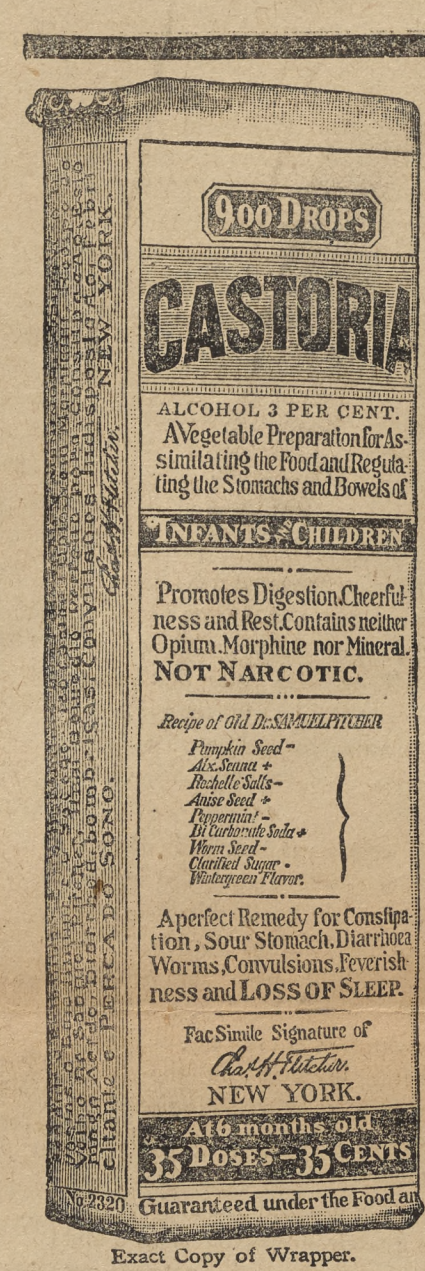

To this late day wolves do a vast amount of damage in Russia. The loss to people in domestic animals through the depredations of wolves amounts to \$10,000,000 every year.

BLACK LEG IN CATTLE CAN BE PREVENTED CUTLER'S BLACK LEG VACCINE California's favorite, the most successful, easiest used and lowest priced reliable vaccine made. Powder, string or pill form. Write for free Black Leg Booklet. THE CUTLER LABORATORY, BERKELEY, CAL. If your druggist does not stock our vaccines, order direct from us.

"Best on Earth"

This is the verdict of R. J. Howell, Tracy, O., who bought Foley's Honey and Tar Compound for his wife. "Her case was the worst I have ever seen, and looked like a sure case of consumption. Her lungs were sore and she coughed almost incessantly and her voice was hoarse and weak. Foley's Honey and Tar Compound brought relief at once and less than three bottles effected a complete cure." James McElney, Model Pharmacy.

How a Wild Horse Bucks.

Rufus Steele, of the Nevada Wild Horse Country, in the American Magazine, tells of the glorious sport of capturing and training wild horses. "Bustering" is no sport for a novice. Real busters are trained to the game from childhood. He writes: "A touch of the spur or a flick of the quirt signals the start. His knowledge of what to do must be a heritage from his ancestors, for all horses do it, and all American wild horses are sprung from horses that once carried men. He pops down his head and levitates straight heavenward. While he and you are high in the air he arches his back and stiffens his body to iron rigidity. Thus he comes back to earth. The sensation to the rider is as if his spinal column had been struck by a pile driver. The impression is not analyzed at the time, for the horse goes into the air again immediately. He swings to right or left, or he 'changes ends' completely while in the air, and you come down facing southward, whereas you were facing northward when you ascended."

Curious Way of Catching Fish. Indians of Bolivia have a peculiar method of going fishing. A writer in the Geographical Journal says: "They use the milk of the 'mammoth' or 'soliman' tree, the scientific name of which is, I think, Hura crepitans, of the euphorbia genus, for catching fish. I went with some of the Indians to a lagoon in the forest. Here, floating on the surface of the water, perfectly alive and yet absolutely unable to get away, were fish of all kinds, big and small, from which they selected the most palatable for food. The milk is merely poured into the water, and as it spreads every fish which comes in contact with it becomes paralyzed and yet is not affected as food. Moreover, the effect appears to last for several days without killing the fish. The milk is also used as a cure for toothache, as a caustic and for the purpose of suicide, for which a teaspoonful is employed. As a poison they say the results are painful."
